The collector of taxes of said town shall certify the payment or payments of such assessments for apportionments thereof to the sewer commissioners, who shall preserve a record thereof. Whenever a tax is duly voted by the district for the purposes of this act, the clerk shall send a certified copy of the vote to the assessors of said town, who shall assess the same on property within the district in the same manner in all respects in which town taxes are required by law to be assessed; provided, that no estate shall be subject to any tax assessed on account of the system of sewerage under this act, if, in the judgment of the board of sewer commissioners herein provided for, after a hearing, due notice whereof shall have been given, such estate is so situated that it will receive no aid from the said sewerage system, or if such estate is so situated that the buildings thereon, or the buildings that might be constructed thereon, could not be connected with the said system in any ordinary or reasonable manner; but all other estates in the district shall be deemed to be benefited and shall be subject to such tax. A certified list of the estates exempt from taxation under the provisions of this section shall annually be sent by said board of sewer commissioners to said assessors, at the same time at which the clerk shall send a certified copy of the vote as aforesaid. The assessment shall be committed to the town collector, who shall collect said tax in the manner provided by law for the collection of town taxes and shall deposit the proceeds thereof with the district clerk for the use and benefit of the district. The district may collect interest on overdue taxes in the manner in which interest is authorized to be collected on town taxes.

SECTION 8. For the purpose of paying the necessary expenses and liabilities incurred under this act, the district may from time to time, within five years after the passage of this act, borrow such sums as may be necessary, not exceeding, in the aggregate, three hundred thousand dollars, and may issue bonds or notes therefor, which shall bear on

their face the words, Lancaster Sewer District Sewerage Loan, Act of 1952. Each authorized issue shall constitute a separate loan, and such loans shall be payable in not more than thirty years from their dates. Indebtedness incurred under this act shall be in excess of the statutory limit, but shall, except as provided herein, be subject to chapter forty-four of the General Laws.

SECTION 9. The receipts from sewer assessments and from payments made in lieu thereof shall be applied to the payment of charges and expenses incident to the maintenance and operation of said system of sewerage and sewage disposal or to the extension thereof, to the payment of interest upon bonds or notes issued for sewer purposes, or to the payment or redemption of such bonds or notes.

SECTION 10. Said board of sewer commissioners may annually appoint a clerk and may appoint a superintendent of sewers who shall not be a member of the board, and shall define their duties. It may remove the clerk or superintendent at its pleasure. Such rules and regulations shall be published at least once a week for three successive weeks in some newspaper published in the town of Lancaster, if there be any, and if not, then in some newspaper published in the county of Worcester, and shall not take effect until such publications have been made.

SECTION 12A. The district may enter into an agreement with the metropolitan district commission for the use of the sewerage facilities of said commission to receive and treat the sewage of the district, and shall pay to said commission such proportion of the cost of construction of additional works required for the sewage of the district by said commission and such annual charges for the transportation and treatment of sewage as shall be agreed upon by the district and said commission. If the district and said commission shall be unable to agree as to the proper and just sum or sums which shall be paid by the town of Lancaster to said commission, either party may petition the supreme judicial

court, which shall appoint three commissioners to determine, subject to the approval of the court, such proportion of the cost of construction and such annual charges. Such proportion of the cost of construction may consist of a sum in gross or yearly payments to be made to the said commission as said commissioners, or a majority of them, shall decide.

SECTION 13. No act shall be done under authority of the preceding sections except in the making of surveys and other preliminary investigations, until the plans for said system of sewerage and sewage disposal have been approved by the state department of public health. Upon application to said department for its approval it shall give a hearing, after due notice to the public. At such hearing, plans showing the work to be done in constructing said system of sewerage and sewage disposal shall be submitted for approval by said department.

SECTION 14. Upon a petition in writing addressed to said board of sewer commissioners requesting that certain real estate, accurately described therein, located in said town and abutting on said district and not otherwise served by a suitable means of sewage disposal be included within the limits thereof, and signed by the owners of such real estate, or a majority thereof, said sewer commissioners shall cause a duly warned meeting of the district to be called, at which meeting the voters may vote on the question of including said real estate within the district. If a majority of the voters present and voting thereon vote in the affirmative the district clerk shall within ten days file with the town clerk of said town and with the state secretary an attested copy of said petition and vote; and thereupon said real estate shall become and be part of the district and shall be holden under this act in the same manner and to the same extent as the real estate described in section one.

SECTION 15. This act shall take full effect upon its acceptance by a majority of the voters of said district voting thereon at an annual or special meeting within five years of its passage.

All general laws respecting town administration and town officers and any special laws relative to the town, the operation of which has been suspended or superseded by the acceptance of this act, shall be revived by such revocation and shall continue to be in full force and effect. By-laws in force when such revocation takes effect, so far as they are consistent with general laws respecting town administration and town officers, and with special laws relating to the town, shall not be affected thereby, but any other by-law inconsistent with such general or special laws shall be annulled. THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT, STATE HOUSE,
BOSTON, May 13, 1952.

The Honorable EDWARD J. CRONIN, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Paul A. Dever, pursuant to the provisions of Article 48 of the Amendments to the Con-

stitution, The Referendum, II, Emergency Measures, hereby declare that in my opinion the immediate preservation of the public peace, health, safety and convenience requires that the law entitled, "An Act extending the Operation of an Act to Provide for the Safety of the Commonwealth during the Existence of an Emergency resulting from Disaster or from Hostile Action" and the enactment of which received my approval on April 24, 1952, should take effect forthwith.

I further declare that in my opinion said law is an emergency law and the facts constituting the emergency are as follows:

Postponement of the operation of this act for 90 days would leave the Commonwealth and its cities and towns without Civil Defense Organizations for almost a month during a period of National emergency and would seriously interfere with a program on the part of the State Civil Defense Agency and many local agencies of procuring vital civil defense materials, equipment and supplies much of which is already on order and which they must be ready to receive and store when shipped.

Very truly yours,

PAUL A. DEVER,
Governor.

OFFICE OF THE SECRETARY, BOSTON, May 13, 1952.

I, Edward J. Cronin, hereby certify that the accompanying statement was filed in this office by His Excellency the Governor of the Commonwealth of Massachusetts at ten o'clock and forty-five minutes, A.M., on the above date, and in accordance with Article Forty-eight of the Amendments to the Constitution said chapter takes effect forthwith, being chapter two hundred and sixty-nine of the acts of nineteen hundred and fifty-two.

EDWARD J. CRONIN,
Secretary of the Commonwealth.

If any person or town refuses or neglects to pay such charges the state treasurer may recover the same to the use of the sanatorium. AN ACT ESTABLISHING IN THE TOWN OF PLYMOUTH REPRESENTATIVE TOWN GOVERNMENT BY LIMITED TOWN MEETINGS. Chap.283

Be it enacted, etc., as follows:

SECTION 1. There is hereby established in the town of Plymouth the form of representative town government by limited town meetings hereinafter set forth.

SECTION 2. Upon acceptance of this act by the town of Plymouth, as hereinafter provided, the selectmen and the board of registrars of voters, acting jointly, and hereinafter referred to as the districting board, shall forthwith divide the territory thereof into not less than five nor more than eight voting precincts, each of which shall be plainly designated and shall contain not less than four hundred registered voters.

The precincts shall be so established as to consist of compact and contiguous territory, to be bounded as far as possible by the center line of known streets and ways or by other well defined limits. Their boundaries shall be reviewed and, if need be, wholly or partly revised by the districting board in December, once in five years, or in December of any year when so directed by a vote of an annual representative town meeting.

The districting board shall, within ten days after any establishment or revision of the precincts, file a report of its doings with the town clerk, the registrars of voters and the assessors, with a map or maps or descriptions of the precincts and the names and residences of the registered voters therein. The districting board shall also cause to be posted in the town hall a map or maps or description of the precincts as established or revised from time to time, with the names and residences of the registered voters therein; and it shall also cause to be posted in at least one public place in each

precinct a map or description of that precinct with the names and residences of the registered voters therein. The division of the town into voting precincts and any revision of such precincts shall take effect upon the date of filing of the report thereof by the districting board with the town clerk. Whenever the precincts are established or revised the town clerk shall forthwith give written notice thereof to the state secretary, stating the number and designation of the precincts.

Meetings of the registered voters of the several precincts for elections, for primaries, and for voting upon any question to be submitted to all registered voters of the town, shall be held on the same day and at the same hour and at such place or places within the town as the selectmen shall in the warrant for such meetings direct. The provisions of chapters fifty to fifty-six, inclusive, of the General Laws, relating to precinct voting at elections, so far as the same are not inconsistent with this act, shall apply to all elections and primaries in the town upon the establishment of voting precincts as hereinbefore provided.

SECTION 3. Other than the officers designated in section four as town meeting members at large, the representative town meeting membership shall in each precinct consist of the largest number divisible by three which will admit of a representation thereof in the approximate proportion which the number of registered voters therein bears to the total number of registered voters in the town, and which will cause the total elected membership to be as nearly two hundred as may be.

The registered voters in every precinct, at the first annual town election held after the establishment of such precinct, and the registered voters of any precinct affected by any revision of precincts at the first annual town election following such revision, conformably to the laws relative to elections not inconsistent with this act, shall elect by ballot as town meeting members the number of registered voters in the precinct, other than the officers designated in this act as town meeting members at large, provided for in the preceding sentence. The first third, in order of votes received, of members so elected shall serve three years, the second third in such order shall serve two years, and the remaining third in such order shall serve one year, from the day of the annual town meeting. In case of a tie vote affecting the division into thirds, as aforesaid, the members elected from the precinct shall by ballot determine the same. Thereafter, except as is otherwise provided herein, at each annual town election the registered voters of each precinct shall in like manner elect, for the term of three years, one third of the number of elected town meeting members to which such precinct is entitled, and shall at such election fill for the unexpired term or terms any vacancy or vacancies then existing in the number of elected town meeting members in such precinct.

The terms of office of all elected town meeting members from every precinct revised as aforesaid shall cease upon the election as hereinbefore provided of their successors. The town clerk shall, after every election of town meeting members, forthwith notify each such member by mail of his election.

SECTION 4. Any representative town meeting held under the provisions of this act, except as otherwise provided herein, shall be limited to the town meeting members elected under section three, together with the following, to be designated town meeting members at large: any member of the general court of the commonwealth who is a registered voter of the town, the town moderator, the town clerk, and one member of the following boards to be designated by the respective board: advisory and finance committee, board of assessors, cemetery commissioners, park commissioners, planning board, commission of public safety, board of public welfare, commission of public works, school committee, board of selectmen and the water commissioners. All the foregoing shall be included within the general designation of town meeting members.

The town clerk shall notify the town meeting members of the time and place at which representative town meetings are to be held, the notices to be sent by mail at least seven days before the meeting. The town meeting members, as aforesaid, shall be the judges of the election and qualifications of their members. A majority of the town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may adjourn from time to time, but no town meeting shall adjourn over the date of an election of town meeting members. The town meeting members as such shall receive no compensation. All town meetings shall be public. Subject to such conditions as may be determined from time to time by the members of the representative town meeting, any registered voter of the town who is not a town meeting member may speak at any representative town meeting, but shall not vote. Any elected town meeting member who becomes by appointment or election one of the officers designated as town meeting members at large shall upon such appointment or election cease to be an elected town meeting member. A town meeting member may resign by filing a written resignation with the town clerk, and such resignation shall take effect on the date of such filing. A town meeting member who removes from the town shall cease to be a town meeting member, and a town meeting member who removes from the precinct from which he was elected to another precinct may serve only until the next annual town meeting.

SECTION 5. Nomination of candidates for town meeting members, to be elected under this act, shall be from among the registered voters of the precinct. Nomination papers shall bear no political designation, shall be signed by not less than ten registered voters of the precinct in which the

candidate resides, and shall be filed with the town clerk not later than the last day that nomination papers of candidates for other town offices must be filed. Any town meeting member may become a candidate for re-election by giving written notice thereof to the town clerk at least fourteen days prior to the last day for filing nomination papers. The words "Candidate for Re-election" must be printed on the ballot opposite the names of such candidates. No nomination papers shall be valid in respect to any candidate unless his written acceptance is endorsed thereon or attached thereto when filed. The town clerk shall notify by mail all town meeting members of the expiration of their term at least thirty days before the last day for filing nomination papers.

SECTION 6. The articles in the warrant for every town meeting, so far as they relate to the election of the moderator, town officers and town meeting members, and as herein provided, to referenda, and all matters to be acted upon and determined by ballot, shall be so acted upon and determined by the registered voters of the town in their respective precincts. All other articles in the warrant for any town meeting shall be acted upon and determined exclusively by town meeting members at a meeting to be held at such time and place as shall be set forth by the selectmen in the warrant for the meeting, subject to the referendum provided for by section nine.

SECTION 7. A moderator shall be elected by ballot at each annual town election, and shall serve as moderator of all town meetings, except as otherwise provided by law, until a successor is elected and qualified. Nominations for and election of a moderator shall be as in the case of other elective town officers, and any vacancy in the office may be filled by the town meeting members at a meeting held for that purpose. If a moderator is absent, a moderator pro tempore may be elected by the town meeting members.

SECTION 8. Any vacancy in the full number of town meeting members from any precinct, whether arising from a failure of the registered voters thereof to elect, or from any other cause, may be filled until the next annual election by the remaining town meeting members of the precinct from among the registered voters thereof. Upon petition therefor, signed by not less than ten town meeting members from the precinct, notice of any vacancy shall be promptly given by the town clerk to the remaining members from the precinct in which the vacancy or vacancies exist, and he shall call a special meeting of such members for the purpose of filling such vacancy or vacancies. He shall cause to be mailed to every such member, not less than five days before the time set for the meeting, a notice specifying the object, time and place of the meeting. At the said meeting a majority of the members of the precinct shall constitute a quorum, and they shall elect from their own number a chairman and clerk. The choice to fill any vacancy shall be by

ballot, and a majority of the votes cast shall be required for a choice. The chairman and clerk shall count the ballots and shall make a certificate of the choice and forthwith file the same with the town clerk, together with the written acceptance by the member or members so chosen, who shall thereupon be deemed elected and qualified as a town meeting member or members, subject to the right of all town meeting members to judge of the election and qualifications of the members as set forth in this act.

SECTION 9. No vote, except a vote to adjourn or a vote authorizing the borrowing of money in anticipation of the receipt of taxes, passed at any representative town meeting shall be operative until after the expiration of ten days, exclusive of Sundays and holidays, from the dissolution of the meeting. If within the said ten days, a petition, signed by not less than three per cent of the registered voters in the town, containing their names and addresses as they appear on the list of registered voters, is filed with the selectmen asking that the question or questions involved in such a vote be submitted to the registered voters of the town at large, then the selectmen, after the expiration of five days, shall forthwith call a special meeting for the sole purpose of presenting to the registered voters at large the question or questions so involved. The polls shall be opened at two o'clock in the afternoon and shall be closed not earlier than eight o'clock in the evening, and all votes upon any question so submitted shall be taken by ballot, and the check list shall be used in the several precinct meetings in the same manner as in the election of town officers. The questions so submitted shall be determined by a majority vote of the registered voters voting thereon, but no action of the representative town meeting shall be reversed unless at least ten per cent of the registered voters shall vote to reverse. Each question so submitted shall be in the form of the following question, which shall be placed upon the official ballot: — "Shall the town vote to approve the action of the representative town meeting whereby it was voted (brief description of the substance of the vote)?" If such petition is not filed within said period of ten days, the vote of the representative town meeting shall become operative and effective upon the expiration of said period.

SECTION 10. The town of Plymouth, after the acceptance of this act, shall have the capacity to act through and be bound by its town meeting members, who shall, when convened from time to time as herein provided, constitute representative town meetings; and the representative town meetings shall exercise exclusively, so far as will conform to the provisions of this act, all powers vested in the municipal corporation. Action in conformity with all provisions of law now or hereinafter applicable to the transaction of town affairs in town meeting shall, when taken by any representative town meeting in accordance with the provisions of this act, have the same force and effect as if such action had been

taken in a town meeting open to all the voters of the town as organized and conducted before the establishment in said town of representative town meeting government.

SECTION 11. The representative town meeting may make such rules consistent with general law as may be considered necessary for conducting its meetings.

SECTION 12. This act shall not abridge the right of the inhabitants of the town of Plymouth to hold general meetings, as secured to them by the constitution of this commonwealth; nor shall this act confer upon any representative town meeting in the town of Plymouth the power finally to commit the town to any measure affecting its municipal existence or substantially changing its form of government without action thereon by the voters of the town at large, using the ballot and the check list therefor.

SECTION 13. This act shall be submitted to the registered voters of the town of Plymouth at the biennial state election in the year nineteen hundred and fifty-two. The vote shall be taken by ballot in accordance with the provisions of the General Laws, so far as the same shall be applicable, in answer to the question, which shall be placed upon the ballot to be used in said town for the election of state officers: — “Shall an act passed by the General Court in the year nineteen hundred and fifty-two, entitled ‘An Act establishing in the town of Plymouth representative town government by limited town meetings’, be accepted by this town?” The provisions of this act shall take effect upon its acceptance by a majority of the voters voting on the question.

SECTION 14. If this act is not accepted by the registered voters of the town of Plymouth when submitted to said voters under section thirteen, it shall again be submitted for acceptance in like manner from time to time to such voters at any annual town election in said town within five years thereafter, upon a petition signed by at least ten registered voters of the town.

AN ACT PROVIDING FOR THE CONSTRUCTION, MAINTENANCE, REPAIR AND OPERATION OF A SELF-LIQUIDATING EXPRESS HIGHWAY FROM A POINT IN THE VICINITY OF THE CITY OF BOSTON TO A POINT AT OR NEAR THE NEW YORK STATE LINE; CREATING THE MASSACHUSETTS TURNPIKE AUTHORITY AND DEFINING ITS POWERS AND DUTIES; AND PROVIDING FOR THE FINANCING OF SUCH EXPRESS HIGHWAY. Chap. 354

Whereas, The deferred operation of this act would unnecessarily delay the construction of the much needed express highway provided for herein and thereby delay the removal of many of the present handicaps and hazards on the congested highways in the commonwealth, therefore this act is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety and convenience.

Be it enacted, etc., as follows:

SECTION 1. *Massachusetts Turnpike.* — The Massachusetts Turnpike Authority (hereinafter created) is hereby authorized and empowered, subject to the provisions of this act, to construct, maintain, repair and operate at such location as may be approved by the state department of public works a toll express highway, to be known as the "Massachusetts Turnpike", from a point in the vicinity of the city of Boston to a point at or near the boundary line between the Commonwealth and the State of New York or such part or parts thereof as it may determine, and to issue turnpike revenue bonds of the Authority, payable solely from revenues, to finance such turnpike.

SECTION 2. *Credit of Commonwealth not Pledged.* — Turnpike revenue bonds issued under the provisions of this act shall not constitute a debt of the commonwealth or of any political subdivision thereof or a pledge of the faith and credit of the commonwealth or of any such political subdivision, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such turnpike revenue bonds shall contain on the face thereof a statement to the effect that neither the commonwealth nor the Authority shall pay the same or the interest thereon except from revenues of the turnpike and that neither the faith and credit nor the taxing power of the commonwealth or of any political subdivision thereof is pledged to the payment of the principal or of the interest on such bonds.

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the authority of this act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this act.

SECTION 3. *Massachusetts Turnpike Authority.* — There is hereby created and placed in the state department of public works a body politic and corporate to be known as

the "Massachusetts Turnpike Authority", which shall not be subject to the supervision and regulation of the department of public works or of any other department, commission, board, bureau or agency of the commonwealth except to the extent and in the manner provided in this act. The Authority is hereby constituted a public instrumentality, and the exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of the turnpike shall be deemed and held to be the performance of an essential governmental function.

The Massachusetts Turnpike Authority shall consist of three members, to be appointed by the governor, by and with the advice and consent of the council, who shall be residents of the commonwealth, not more than two of whom shall be of the same political party. The members of the Authority first appointed shall continue in office for terms expiring on July first, nineteen hundred and fifty-eight, July first, nineteen hundred and fifty-nine and July first, nineteen hundred and sixty, respectively, the term of each such member to be designated by the governor, and until their respective successors shall be duly appointed and qualified. The governor shall designate one of the members as chairman who shall serve as such during his term of office. Upon the expiration of the term of office of such chairman, the governor shall appoint one of the members as his successor as chairman. The successor of each member shall be appointed for a term of eight years, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the Authority shall be eligible for reappointment. Each member of the Authority before entering upon his duties shall take an oath before the governor to administer the duties of his office faithfully and impartially, and a record of such oaths shall be filed in the office of the secretary of the commonwealth.

The Authority shall elect one of the members as vice chairman thereof and shall also elect a secretary-treasurer who need not be a member of the Authority. Two members of the Authority shall constitute a quorum and the affirmative vote of two members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

Before the issuance of any turnpike revenue bonds under the provisions of this act, each member of the Authority shall execute a surety bond in the penal sum of twenty-five thousand dollars, and the secretary-treasurer shall execute a surety bond in the penal sum of fifty thousand dollars, each such surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the commonwealth as surety and to be approved by the attorney general and filed in the office of the secretary of the commonwealth. The chairman of the Authority shall receive an

annual salary of twelve thousand dollars and the other members shall each receive an annual salary of ten thousand dollars. Each member shall be reimbursed for his actual expenses necessarily incurred in the performance of his duties. All expenses incurred in carrying out the provisions of this act shall be paid solely from funds provided under the authority of this act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the authority of this act.

(p) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

SECTION 6. *State Highways.* — The Authority may, with the approval of the state department of public works, incorporate in the turnpike any existing state highway or part thereof or any partially completed state highway or any bridge which it may deem necessary for a proper alignment of the turnpike, and the actual cost thereof shall be reimbursed to the commonwealth to the credit of the Highway Fund from the proceeds of its turnpike revenue bonds.

SECTION 7. *Incidental Powers.* — The Authority shall have power to construct grade separations at intersections of the turnpike with public highways and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. If the Authority shall find it necessary to change the location of any portion of any public highway, it shall reconstruct the same at such location as the Authority shall deem most favorable, with the approval of the state department of

public works, and of substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the Authority as a part of the cost of the turnpike.

Any public highway affected by the construction of the turnpike may be vacated or relocated by the Authority in the manner now provided by law for the vacation or relocation of public roads and any damages awarded on account thereof shall be paid by the Authority as a part of the cost of the turnpike.

In addition to the foregoing powers the Authority and its authorized agents and employees may enter upon any lands, waters and premises in the commonwealth for the purpose of making surveys, soundings, drillings and examinations as they may deem necessary or convenient for the purposes of this act, and such entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry under any condemnation proceedings which may be then pending. The Authority shall make reimbursement for any actual damage resulting to such lands, waters and premises as a result of such activities.

The Authority shall also have power to make reasonable regulations including the authority to grant easements for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, pipelines, mains, conduits, cables, wires, towers, poles and other equipment and appliances of any public utility, or of any corporation or person owning or operating pipelines in, on, along, over or under the turnpike. Whenever the Authority shall determine that it is necessary that any such facilities which now are, or hereafter may be located in, on, along, over or under the turnpike should be relocated in the turnpike, or should be removed from the turnpike, the public utility, corporation or person owning or operating such facilities shall relocate or remove the same in accordance with the order of the Authority. In case of any such relocation or removal of facilities, the public utility, corporation or person owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location or locations.

The commonwealth hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the Authority to be necessary for the construction or operation of the turnpike.

The Authority may sell the buildings or other structures upon any lands taken by it, or may remove the same, and shall sell, if a sale be practicable, or if not, shall lease, if a lease be practicable, any lands or rights or interest in lands or other property taken or purchased for the purposes of this

act, whenever the same shall, in the opinion of the Authority, cease to be needed for such purpose. The proceeds of any such sale or lease shall be applied toward the cost of the turnpike or deposited to the credit of the sinking fund for the turnpike revenue bonds issued under the provisions of this act.

The Authority may place and maintain or may grant permission by easement or otherwise to any corporation or person to place and maintain on or under or within the turnpike ducts, pipes, pipelines, wires or other structures, to be so located as not to interfere with the safe and convenient operation and maintenance of the turnpike, and may contract with any such person or corporation for such permission on such terms and conditions as may be fixed by the Authority. The construction, maintenance and repairs of any such ducts, pipes, pipelines, wires or other structures shall be subject to such directions and regulations as the Authority may impose.

SECTION 8. *Turnpike Revenue Bonds.* — The Authority is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of turnpike revenue bonds of the Authority for the purpose of paying all or any part of the cost of the turnpike or any part or parts thereof. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds shall be dated, shall bear interest at such rate or rates, not exceeding five per centum per annum, shall mature at such time or times not exceeding forty years from their date or dates, all as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the commonwealth. The bonds shall be signed by the chairman of the Authority or shall bear his facsimile signature, and shall bear a facsimile of the official seal of the Authority, attested by the secretary-treasurer of the Authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the Authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may

be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds shall be used solely for the payment of the cost of the turnpike, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds initially issued, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act.

SECTION 9. *Trust Agreement.* — In the discretion of the Authority the bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the turnpike or any part thereof. Such trust agreement or resolution providing for

the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the turnpike, the rates of toll to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the turnpike.

SECTION 10. *Revenues.* — The Authority is hereby authorized to fix, revise, charge and collect tolls for the use of the turnpike and the different parts or sections thereof, and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the paved portion, for placing thereon telephone, telegraph, electric light or power lines, gas stations, garages and restaurants, or for any other purpose except for tracks for railroad or railway use, and to fix the terms, conditions, rents and rates of charges for such use. Such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the turnpike as to provide a fund sufficient with other revenues, if any, to pay (a) the cost of maintaining, repairing and operating the turnpike and (b) the principal of and the interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. Such tolls shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof. The tolls and all other revenues derived from the turnpike, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein

provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolutions authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

SECTION 11. *Trust Funds.* — All moneys received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act. The resolution authorizing the bonds or the trust agreement securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this act and such resolution or trust agreement may provide.

SECTION 12. *Remedies.* — Any holder of bonds issued under the provisions of this act or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under such trust agreement or resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this act or by such trust agreement or resolution to be performed by the Authority or by any officer thereof, including the fixing, charging and collecting of tolls.

SECTION 13. *Exemption from Taxation.* — The exercise of the powers granted by this act will be in all respects for the benefit of the people of the commonwealth, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of the turnpike by the Authority will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the turnpike or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom, and the bonds issued

under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation within the commonwealth.

SECTION 14. *Bonds Eligible for Investment.* — Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section forty of chapter one hundred and seventy-two of the General Laws, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature may properly and legally invest funds, including capital in their control or belonging to them, and such bonds are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income thereof in the manner provided by clause 15 (c) of section fifty-four of chapter one hundred and sixty-eight of the General Laws. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or other obligations of the commonwealth is now or may hereafter be authorized by law.

SECTION 15. *Miscellaneous.* — The turnpike when constructed and open to traffic shall be maintained and kept in good condition and repair by the Authority. The turnpike shall also be policed and operated by such force of police, toll-takers and other operating employees as the Authority may in its discretion employ.

All private property damaged or destroyed in carrying out the powers granted by this act shall be restored or repaired and placed in its original condition as nearly as practicable, or adequate compensation made therefor, out of funds provided under the authority of this act.

All counties, cities, towns and other political subdivisions and all public agencies and commissions of the commonwealth, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as the proper authorities of such counties, cities, towns, political subdivisions, agencies or commissions of the commonwealth may deem reasonable and fair and without the necessity for any advertisement, order of court or other action or formality, other than the regular and formal action of the authorities concerned, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public roads and other real property already devoted to public use.

Until the turnpike shall have become a part of the state highway system under the provisions of section seventeen of this act, the Authority shall be liable to any person sustaining bodily injury or damage in his property by reason of a defect or want of repair therein or thereupon to the same extent as though the turnpike were a way within the meaning of sections fifteen, eighteen and nineteen of chapter eighty-four of the General Laws, and shall be liable for the death of any person caused by such defect or want of repair to the same extent as is provided in chapter two hundred and twenty-nine of the General Laws. Any notice of such injury, damage or death required by law shall be given to any member of the Authority or to the secretary-treasurer.

Any person damaged in his property by the exercise of any of the powers granted by this act may recover his damages from the Authority under chapter seventy-nine of the General Laws.

On or before the thirtieth day of January in each year the Authority shall make an annual report of its activities for the preceding calendar year to the governor and to the general court. Each such report shall set forth a complete operating and financial statement covering its operations during the year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants, and the cost thereof may be treated as a part of the cost of construction or operation of the turnpike. Such audits shall be deemed to be public records within the meaning of chapter sixty-six of the General Laws.

SECTION 16. *Turnpike Revenue Refunding Bonds.* — The Authority is hereby authorized to provide by resolution for the issuance of turnpike revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing any additional portion or portions of the turnpike or improvements, extensions, or enlargements thereof. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this act in so far as the same may be applicable. The issuance of turnpike revenue bonds or turnpike revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds.

SECTION 17. *Transfer to Commonwealth.* — When all bonds issued under the provisions of this act and the interest thereon shall have been paid or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, the turnpike, if then in good condition and

repair to the satisfaction of the state department of public works, shall become part of the state highway system and shall thereafter be maintained and operated by said department free of tolls as may be provided by law, and thereupon the Authority shall be dissolved and all funds of the Authority not required for the payment of the bonds and of the interest thereon shall be paid into the treasury of the commonwealth for the credit of the Highway Fund and all machinery, equipment, and other property belonging to the Authority shall be vested in the commonwealth and delivered to the state department of public works.

SECTION 18. *Preliminary Expenses.* — To provide for the preliminary expenses of the Authority in carrying out the provisions of this act the sum of five hundred thousand dollars is hereby appropriated from the Highway Fund, which sum shall be paid to the Authority and, simultaneously with the delivery of the bonds, the sum so paid shall be reimbursed by the Authority to the commonwealth for the credit of the Highway Fund out of the proceeds of any bonds which may be issued by the Authority under the provisions of this act.

The Authority is hereby authorized and directed to make such surveys and studies of the turnpike as may be necessary to effect the financing authorized by this act at the earliest practicable time, and for this purpose to employ such consulting engineers, traffic engineers, legal and financial experts and such other employees and agents as it may deem necessary. To effect the purposes of this act the state department of public works shall make available to the Authority all data in the possession of the department which may be useful to the Authority in making such surveys and studies and the department may furnish such assistance in making investigations and in preparing designs for the turnpike project as may be agreed upon between the department and the Authority, the cost of such surveys and expenses incurred by the department to be paid by the Authority.

SECTION 19. *Act Liberally Construed.* — This act, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof.

SECTION 20. *Constitutional Construction.* — The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

SECTION 21. *Inconsistent Laws Inapplicable.* — All other general or special laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this act.

Be it enacted, etc., as follows:

SECTION 1. It is hereby declared that excessive curb parking of motor vehicles on the streets of the city of Springfield and the lack of adequate off-street parking facilities create congestion, obstruct the free circulation of traffic, diminish property values and endanger the health, safety and general welfare of the public, that the provision of conveniently located off-street parking facilities attractive in cost is therefore necessary to alleviate such conditions; and that the establishment of public off-street automobile parking facilities and fostering the provision of commercial, special purpose, or co-operative off-street automobile parking facilities are decreed to be a proper public or municipal purpose.

SECTION 2. *Definitions of Types of Parking Facilities.* — For purposes of this act, (1) public off-street automobile parking facilities are defined as accommodations provided by public authority for the parking of automobiles off the street or highway and open to public use, with or without charge. Such facilities may be publicly owned and publicly operated, or they may be publicly owned and privately operated; (2) commercial off-street automobile parking facilities are defined as accommodations provided by private enterprise for the parking of automobiles off the street or highway, open to public use for a fee; (3) special purpose off-street automobile parking facilities are defined as accommodations provided by public authorities, private groups or individuals, for restricted use in connection with public improvements, particular businesses, theaters, hotels and other private enterprises, or combinations thereof, or as adjuncts to housing developments or private residences (such facilities may or may not be jointly established and operated); (4) co-operative off-street automobile parking facilities are defined as accommodations provided by joint

action of public and private interests. Parking facilities may consist of lots, garages or other structures and accessories; they may be surface facilities or facilities above or under the ground.

SECTION 3. Appointive members unless sooner removed, shall serve until the qualification of their successors and vacancies, other than by reason of expiration of term, shall be filled by appointment and confirmation for the balance of the unexpired terms. The mayor may file written charges against any of the appointive members for misfeasance, nonfeasance or malfeasance in office, and such member may be removed after a hearing on such charges, by a two thirds vote of the board of aldermen. Any member against whom charges have been filed shall be given, not less than fourteen days before hearing on such charges, a written and attested copy of the charges against him and written notice of the date and place of such hearing. A public hearing shall be held only at the request of the member against whom charges have been filed and such member shall be afforded the right to be represented by counsel and an opportunity to be heard in his own defence. Any removed member shall have the right of appeal to the municipal council, a majority vote of which shall uphold the finding of the board of aldermen.

If this act is rejected by the qualified voters of the town of Arlington, when first submitted to said voters under this section, it shall be submitted for acceptance in like manner to such voters at the biennial state election in the year nineteen hundred and fifty-four, and, if accepted by a majority of such voters voting thereon at either of said elections, shall take effect as hereinbefore provided.

SECTION 48. *Revocation of Acceptance.* — At any time after the expiration of three years from the date on which this act is accepted, and not less than sixty days before the date of an annual meeting, a petition, signed by not less than twenty per cent of the registered voters of the town, may be filed with the selectmen, requesting that the question of revoking the acceptance of this act be submitted to the voters. Thereupon the selectmen shall cause the question of revocation of the acceptance to be placed on the ballot at the next annual election. At said election the vote shall be taken in answer to the following question which shall be printed on the official ballot: “Shall the acceptance by the town of Arlington of an act passed by the General Court in the year nineteen hundred and fifty-two, entitled ‘An Act establishing a Town Manager form of Government for the Town of

Arlington' be revoked?" If such revocation is favored by a majority of the voters voting thereon by ballot, the acceptance of this act shall be revoked and this act shall become null and void beginning with the annual town meeting next following such vote, which meeting shall be held at such time, in conformity with general law, as may be determined by vote of the town; provided, that all town officers holding office under this act shall continue to hold office until their successors have been duly qualified. At the first annual town election following such vote of revocation the registered voters of the town shall elect by ballot all elective officers and boards whose election to office was required prior to the acceptance of this act and the terms of office shall be so arranged that there shall be elected annually thereafter such officers as were elected annually prior to the acceptance of this act. It shall be the duty of the selectmen and the town clerk in office and any other town official upon whom by reason of his office a duty devolves when this act is revoked, to comply with all the requirements of this section relating to elections, to the end that all things may be done necessary for the nomination and election of the officers required to be elected following the revocation of this act. The said revocation shall not affect any contract then existing or any action at law or any suit in equity or any other proceedings then pending, with the exception of any contract made by the town with the town manager then in office, whose office shall be abolished immediately upon such vote, but who shall receive three months' compensation from such date following such revocation. The board of selectmen shall be charged with all the powers and duties of the town manager which duties and responsibilities may discharge by themselves or by a temporary town manager appointed by them. Any special laws relative to said town which are repealed by this act shall be revived by such revocation. Any by-law in force when said revocation takes effect, so far as consistent with the general laws respecting town government and town officers and with said special laws, shall not be affected thereby.

SECTION 49. The provisions of this act are severable, and if any of its provisions shall be held invalid, such invalidity shall not affect or impair any of the remaining provisions.

THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT, STATE HOUSE,
BOSTON, August 13, 1952.

The Honorable EDWARD J. CRONIN, *Secretary of the Commonwealth,
State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Paul A. Dever, pursuant to the provisions of Article 48 of the Amendments to the Constitution, The Referendum II, Emergency Measures, hereby declare that in my opinion the immediate preservation of the public convenience requires that the law entitled, "An Act providing for an Accelerated Highway Program" and the enactment of which received my approval on July 2, 1952, so far as its terms permit, should take effect forthwith.

I further declare that in my opinion, all sections of the said act with the exception of sections twelve, thirteen, fourteen and fourteen A thereof constitute an emergency law and the facts constituting the emergency are as follows:

Postponement of the operation of this act for 90 days from the enactment thereof would seriously delay acceleration of the highway program contrary to the manifest intention of the said act and gravely conflict with the public interest in having the highway program accelerated in that it would

unduly and unnecessarily delay certain preliminary engineering and traffic studies as well as certain federally aided projects.

Very truly yours,
PAUL A. DEVER,
Governor.

OFFICE OF THE SECRETARY, BOSTON, August 13, 1952.

I, Edward J. Cronin, hereby certify that the accompanying statement was filed in this office by His Excellency the Governor of the Commonwealth of Massachusetts at two o'clock and forty minutes, P.M., on the above date, and in accordance with Article Forty-eight of the Amendments to the Constitution said chapter takes effect forthwith, being chapter five hundred and fifty-six of the acts of nineteen hundred and fifty-two.

EDWARD J. CRONIN,
Secretary of the Commonwealth.

Contracts for state financial assistance.

SECTION 6. Said chapter 121 of the General Laws is hereby further amended by inserting after section 26QQ, as appearing in section 4 of this act, the following new section: — *Section 26RR. Contracts for State Financial Assistance.* — For the purpose of avoiding, so far as practicable, during the period of public exigency, emergency and distress now existing on account of the acute shortage of housing in many cities and towns of the commonwealth, the making of persons or families homeless as the result of the demolition of dwelling units on land acquired or to be acquired for the purposes of a land assembly and redevelopment project or any other public improvement by the commonwealth, a city or town, or any other public body the commonwealth acting by and through the board may enter into a contract or contracts with a housing authority, or in the event a redevelopment authority exists within a city or town with a housing authority upon request of a redevelopment authority, for state financial assistance in the form of a guarantee by the commonwealth of notes and/or bonds, of the housing authority issued to finance the cost of a relocation project or projects. The guarantee by the commonwealth of the notes and/or bonds of a housing authority shall be executed on each note and/or bond by the chairman of the state housing board; provided, however, that the total amount guaranteed shall not exceed twenty-five million dollars in the aggregate or the actual cost of the construction of two thousand units, whichever amount is the lesser. Each such contract shall contain such limitations as to the development cost of the project and administrative and maintenance costs, as the board may require. Each project shall be based upon a separate application made to the board, which shall in-

clude such evidence of need as the board may require including a statement that the local planning board has been informed as to the location and number of dwelling units of the proposed project. The board shall ascertain and certify the need for each project after determining that there exists in such city or town and its vicinity a period of public exigency, emergency and distress occasioned by an acute shortage of housing; provided, that the board may not approve a project or projects in any city or town for a number of dwelling units in excess of fifty per cent of the number of families to be displaced by a land assembly or redevelopment project or other public improvement which the board finds cannot be carried out without the provisions of such relocation housing. A project constructed under this section shall be deemed to provide adequate performance as set forth in section three J of chapter one hundred and forty-three.

At such time as the board shall determine that such acute shortage of housing for displaced persons constituting a public exigency, emergency or distress no longer exists, or in any event not later than five years from the date on which this act becomes effective, any relocation project acquired, constructed, moved or rehabilitated shall be offered for sale at its fair market value and disposed of as soon as is consistent with sound business judgment; provided, that no such sale shall be made unless approved by the board. If the proceeds of the sale of such a project are in excess of the total of all obligations of the housing authority with respect to such project such excess shall, after the payment of all notes, bonds and other outstanding obligations issued by the housing authority to finance the cost of such project, be paid to the city or town in which such project is located.

The provisions of section twenty-six L to twenty-six PP, except sections twenty-six FF and twenty-six GG, shall, as far as apt, be applicable to projects developed under this section and to housing authorities while engaged in developing and administering such projects; provided, that whenever the phrase, "federal legislation" is used in said sections twenty-six L to twenty-six PP it shall also include legislation in respect to a relocation project under this section; and provided, further, that the limitations on the powers of a housing authority with respect to "families of low income" found in sections twenty-six P and twenty-six FF of chapter one hundred and twenty-one of the General Laws shall not apply to relocation projects. An authority shall not acquire land for the site of a relocation project by eminent domain under chapter seventy-nine or chapter eighty A, or by purchase, gift or otherwise, unless such land is entirely or almost entirely unoccupied by inhabited dwellings; provided, however, that an authority may acquire a completed dwelling or a group of dwellings for a relocation project if the acquisition of such does not involve their demolition. The total number of dwelling units to be created in any one city

or town in connection with relocation projects, for which state assistance may be granted, shall not exceed two per cent of the total of dwelling units in such city or town as reported by the United States census of nineteen hundred and fifty. The following provisions shall be applicable to each contract for state financial assistance under this section and section twenty-six 00.

(a) A housing authority may sell temporary notes and/or bonds to finance a relocation project; provided, that the total amount outstanding at any one time, exclusive of any notes and/or bonds which may be issued for refunding purposes shall not be in excess of the cost of the project as approved by the board. Any such notes or bonds may be refunded through the sale of similar notes or bonds, but in no event for a term more than as determined by the board. Notwithstanding the provisions of section twenty-six W, the payment of the principal of, and interest on, all such notes and/or bonds shall be guaranteed by the commonwealth and the full faith and credit of the commonwealth is hereby pledged for any such guarantee; provided that the total amount so guaranteed shall not exceed twenty-five million dollars in the aggregate. No housing authority shall sell or offer for sale any such notes or bonds without receiving from the board approval of the amount, the term and the time of sale. The net income of the project, after operating charges and expenses as approved by the board, shall be applied annually in reduction of the outstanding indebtedness of the housing authority in relation to the projects. In case any funds become available for the payment of any bonds, notes or other obligations issued or incurred in connection with a relocation project before such obligations are due, and the holders of any such obligations are not willing to accept present payment thereof, such funds shall be held by the authority until such obligations are due and then applied to the payment thereof, and in the meantime shall be invested only in securities legal for the investment of funds of savings banks.

(b) Upon the completion or acquisition of a project by a housing authority, it shall be maintained and operated by such authority. In the operation or management of relocation projects, an authority shall at all times observe the following requirements with respect to rentals and tenant selection: —

(1) It shall rent to a tenant dwelling accommodations consisting of the least number of rooms which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof without overcrowding, in accordance with a rent schedule approved by the board. Such rent schedule shall be arranged so as to be sufficient, in the opinion of the board, to pay all of the costs of maintaining and operating the project, including a reasonable allowance for depreciation, and may, in the discretion of the board, be sufficient so as also to include each year an allow-

ance for the amortization of all or part of the cost of acquiring and constructing the project not otherwise provided for.

(2) It shall accept as tenants only persons or families who occupied dwellings eliminated by demolition, condemnation and effective closing as part of any public improvement or land assembly and redevelopment project made by the commonwealth, a city or town or other body politic and corporate.

(3) In any action to recover possession of premises occupied in a relocation project, the provisions of sections twelve and thirteen of chapter one hundred and eighty-six of the General Laws, and section nine of chapter two hundred and thirty-nine of the General Laws, as amended, shall not apply. No person or family shall be allowed to remain in occupancy in a relocation project for a period greater than eighteen months.

SECTION 7. Said chapter 121 of the General Laws is hereby further amended by inserting after section 26RR, as appearing in section 6 of this act, the following new section: — *Section 26SS.* The provisions of sections twenty-six I to twenty-six RR, inclusive, are hereby declared to be severable and if any such provision or the application of such provision to any person or circumstances shall be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not be construed to affect the validity or constitutionality of any of the remaining provisions of said sections or the application of such provisions to persons or circumstances other than those as to which it is held invalid. It is hereby declared to be the legislative intent that said sections would have been adopted had such invalid or unconstitutional provisions not been included therein.

Chap.620 AN ACT PROVIDING FOR THE DECLARATION BY POPULAR REFERENDUM IN CITIES AND TOWNS AS TO WHETHER A SHORTAGE OF RENTAL HOUSING ACCOMMODATIONS EXISTS WHICH REQUIRES THE CONTINUANCE OF FEDERAL RENT CONTROL THEREIN.

Emergency
preamble.

Whereas, The deferred operation of this act would tend to defeat its purpose which is to provide forthwith for legislation permitting in certain cities and towns a declaration by popular referendum, pursuant to the Housing and Rent Act of 1947, as most recently amended by the "Defense Production Act Amendments of 1952", as to whether a shortage of rental housing accommodations exists which requires the continuance of federal rent control therein in accordance with the provisions of such Act, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. The general court finds that federal control over rents will expire on September thirtieth, nineteen hundred and fifty-two, unless prior to said date local governing bodies take action by resolution adopted for the purpose or the voters by popular referendum vote that a substantial shortage of housing accommodations exists which requires the continuance of federal rent control in such city or town, and the general court enacts this act for the purpose of providing an opportunity for such voters to make a declaration as to such shortage which requires the continuance of said control until the close of April thirtieth, nineteen hundred and fifty-three.

SECTION 2. On September sixteenth in the current year, there shall be held, at the same time and at the same places that the state primaries are held, a referendum on the extension of said rent control act until the close of April thirtieth, nineteen hundred and fifty-three. Such referendum shall be held in cities and towns where maximum rents under the federal Housing and Rent Act of 1947, as amended, popularly called the Rent Stabilization Act, are in effect.

SECTION 3. The state secretary shall prepare a special ballot to be used at the next state primary in those cities and towns in which maximum rents under federal legislation are in effect containing the following question:— Shall a declaration be made by popular referendum, pursuant to the Housing and Rent Act of 1947, as amended, that a substantial shortage of housing accommodations exists which

requires the continuance of federal rent control in this city (or town) after September thirtieth, nineteen hundred and fifty-two until the close of April thirtieth, nineteen hundred and fifty-three, in accordance with the provisions of said Act?

YES.	<input type="checkbox"/>
NO.	<input type="checkbox"/>

The following directions shall also be placed on said ballot in such cities and towns immediately above the foregoing question: —

(a) If a voter desires that this city (or town) shall declare by popular referendum that a substantial shortage of housing accommodations exists which requires the continuance of federal rent control in this city (or town) after September thirtieth, nineteen hundred and fifty-two, and until the close of April thirtieth, nineteen hundred and fifty-three, in accordance with the provisions of the Housing and Rent Act of 1947, as amended, he will vote "YES" on said question.

(b) If he desires that federal rent control shall cease to be in effect in this city (or town) at the close of September thirtieth, nineteen hundred and fifty-two, he will vote "NO" on said question.

If a majority of the votes cast in any such city or town in answer to said question is in the affirmative, such city or town shall be deemed to have declared by popular referendum, pursuant to the Housing and Rent Act of 1947, as amended, that a substantial shortage of housing accommodations exists which requires the continuance of federal rent control in such city or town after September thirtieth, nineteen hundred and fifty-two, and until the close of April thirtieth, nineteen hundred and fifty-three, in accordance with the provisions of said act.

If a majority of the votes cast in any such city or town in answer to said question is not in the affirmative, such city or town shall be deemed not to have declared by popular referendum, pursuant to the Housing and Rent Act of 1947, as amended, that a substantial shortage of housing accommodations exists which requires the continuance of federal rent control in such city or town after September thirtieth, nineteen hundred and fifty-two.

For the purposes of this section a ballot which has neither a valid "YES" vote nor a valid "NO" vote shall not be deemed to be a vote cast.

SECTION 4. Such special ballot shall be given to every voter voting in the primaries, and to every qualified voter not enrolled in any political party who desires to vote on such referendum and who does not desire to vote in the primary. All laws relating to primaries and elections shall as far as apt apply to said referendum.

SECTION 5. As soon as may be after the close of the polls, the election officials shall count the referendum ballots and give a statement of the result to the city or town clerk who shall promptly notify the President of the United States in writing of the action of the city or town.

Approved July 4, 1952.
